---

## PROFESSIONAL EXPERIENCE

### Hexa DefendApril 2023 - Mar 2024 Frontend Developer

During my year at HexaDefend Company as a Frontend Developer, I built several web projects and focused on adding security features. Working closely with teams, I developed Hexa projects were safe and met client needs. Additionally, I played a key role in developing the frontend of the [HexaDefend website](#) using technologies like React & tailwind CSS.
